**Overview / Background**

The senior Advisory Commission was established in 2009. The purpose of the commission is to provide a forum for communication between organizations interested in the needs and activities of seniors within the Rogers community; and to provide an official advisory to the Rogers City Council relating to the interests and concerns of seniors.

At the end of 2018 it was decided to move to one formal meeting a year. Should there be actions needed related to a future permanent senior center additional meetings will be called. Due to staff transmissions the meeting was not held in 2023.
